

MUHAMMAD

Anas

Student | BS Software
Engineering

About Me

I am a dedicated BS Software Engineering student at the University of Management and Technology, Lahore, currently in my 4th semester with 3.13 CGPA. I have a strong foundation in programming and problem-solving, transitioning from a Pre-Medical background to technology with a passion for software development. I am eager to apply my knowledge in real-world projects, continuously learning and improving my skills in coding, app development, and software engineering.
